

## About TARA Mind

TARA Mind is raising the standard of mental health care by enabling safe and affordable access to psychedelic-assisted therapy. We are building *the* premium network of independent mental healthcare professionals that employs a holistic therapeutic support model encompassing proper preparation and integration as well as evidence-based measurement protocols. Our platform is focused on expanding access to proven psychedelic-assisted therapies to help those with treatment-resistant mental health conditions that have not responded to traditional models of care. We are committed to eliminating consumer barriers to affordable care by offering TARA Mind's provider network as a covered employee benefit through employer health plans.

TARA Mind is a Public Benefit Corporation that is led by veteran Navy SEAL and Founder of VETS Inc., Marcus Capone, and is backed by Red Cell Partners, an incubation firm building and investing in scalable technology-led companies that are bringing revolutionary advancements to market in the healthcare industry.

## We are Hiring a Chief Medical Officer

### Duties and Responsibilities:

The Chief Medical Officer (CMO), as part of the senior executive leadership team, has primary ownership and accountability for the development, review, approval and oversight of all clinical policies and protocols (safety and efficacy) of TARA Mind's provider network, facilitated user experience (individuals and care providers), and clinical outcomes measurement. The CMO will oversee the development and expansion of TARA Mind's clinical team as the business scales.

### PROVIDER NETWORK DEVELOPMENT & PERFORMANCE:

- Establish TARA Mind standards of care and treatment protocol criteria based upon clinically validated evidence-based measurement criteria
- Review and update TARA Mind's qualification requirements for providers
- Evaluate and screen psychedelic-assisted therapy provider network applicants for inclusion in the TARA Mind network based upon standards of care and experiential criteria
- Monitor network performance in support of holistic treatment support protocols (preparation, integration, ongoing monitoring, and outcomes measurement)
- Facilitate the development of an actively engaged provider network community by sharing and promoting alternative care therapy best practices to the TARA Mind provider network to continually raise the standard of care

#### CONCIERGE PROGRAM DEVELOPMENT & OVERSIGHT:

- Ownership of consumer care navigation support model for individual users
- Address existing health literacy barriers for consumers and providers by establishing effective communication content articulating the benefits of psychedelic-assisted therapy protocols and the importance of a holistic clinician guided preparation, integration, and monitoring experience
- Oversee the development of concierge program content, including Q&A script, to support expansion and automation of initial user experience care navigation experiences

#### CLINICAL LIAISON FOR PRODUCT & ENTERPRISE TEAMS:

- Partner with TARA Mind's product team on development and refinement of standards of care content and user experience for individuals and providers
- Support enterprise team efforts with business development and outcomes value story creation

#### QUALIFICATIONS:

- Medical Degree from an LCME-accredited medical school
- Current medical license in good standing in at least one state
- Board certification in Psychiatry
- Minimum of 10 years post-residency clinical experience
- Psychedelic-Assisted Therapies Certification(s) and experience involving preparation and integration are a plus
- Deep knowledge about the experience and effects of psychedelic treatment(s)
- Experience with behavioral health provider network management and value based payment models a plus

#### OTHER KEY ATTRIBUTES:

Mission oriented, innovative mindset, analytically grounded, collaborative working style and hands-on self-starter. Comfortable taking on headwinds and driving change...with data.

We're an Equal Opportunity Employer: You'll receive consideration for employment without regard to race, sex, color, religion, sexual orientation, gender identity, national origin, protected veteran status, or on the basis of disability.
